Service Animals:

For the purpose of this policy, a “service animal” is defined as either:

Alternate formats that should be considered by the Municipality of Arran-Elderslie and the person with the disability will include, but are not limited to:

- i) Print Requests:

Requests for alternative formats should be honoured in the most practical manner depending on the media chosen, the size and complexity of the

document, the quality and source of the documents, the feasibility of the request (including the cost) and the number of documents to be converted. It should be noted that when request for one of these formats is received and deemed feasible, staff should make every attempt to respond to the request in the most practical manner and to the satisfaction of the requestor. If it is determined that the format requested is not feasible, then other alternative methods of providing the information should be explored that will still meet the needs of the requestor (e.g. Audio CD or explaining the information verbally, etc.).

- b. The employee fills out alternative format request form.

- f. If an ASL Interpreter is not available, the individual will be contacted with an alternative solution.

For the purpose of this policy, feasibility will be determined based upon cost in relation to the size of the document and the time associated with processing document requests.

The time frame attached to the conversion process varies depending on the media chosen, the size, complexity, quality of source documents and number of documents to be converted. Documents shall be returned in a timely manner depending on the factors previously noted.

Conversion shall be processed in-house wherever possible. When a member of the public requests a piece of Municipal documentation in multiple format, the department of origin shall be responsible for the cost of the conversion, material and distribution, not the public requestor.
