

Public Notice

Please be advised that Bruce Area Solid Waste Recycling will not be collecting curbside recycling in the Municipality of Arran-Elderslie until further notice. We hope that this is a short-term situation. Please hold on to your recycling until Bruce Area Solid Waste Recycling is able to start collecting again. Again, we hope that this is a short-term situation and that collection will resume in time for your next scheduled pickup date.

Please do not put your recycling out for garbage collection.

Thank you for your patience and understanding.
