

# Notice to Operate

## Personal Service Setting Owners and Operators Contact Public Health Before You Open a Business

Under the law you are required to notify the health unit of your intention to operate a personal service setting (PSS) at least 14 days before commencing the operation. You must include your name, contact information, location, and a list of services that will be provided at the PSS in the notice [Ontario Regulation 136/18: Personal Service Settings, S. 3].

The *Notification to Continue Operation Form* can be completed at <https://www.publichealthgreybruce.on.ca/Your-Health/Infectious-Diseases/Beauty-and-Body-Art/Notification-to-Continue-Operation> .

**Personal Service Settings are premises at which personal services are offered where there is a risk of exposure to blood or body fluids and includes, but are not limited to:**

- Hairdressing and/or barbering
- Tattooing
- Body piercing
- Nail services
- Electrolysis
- Aesthetic services
